Notice Regarding Signing of Definitive Agreements To Acquire Majority stake
(Conversion to Subsidiary)

We hereby announce that today, Hakuto Co., Ltd. has entered into an agreement to acquire majority (76%) stake in Rabyte Pte. Ltd. (Representative: Batra, Arjun, Head Office: Singapore), making it a subsidiary as outlined below.

1. Reason for Share Acquisition

The Hakuto Group operates as a hybrid company specializing in electronics trading and chemical manufacturing. Hakuto's predominant source of revenues are from the Japan region and one of Hakuto's focus is on growing their electronic components and semiconductor distribution business in the emerging markets of India, South East Asia, Australia and New Zealand. Given the highly localized nature of business activities in our preferred growth regions, we are focusing on non-organic growth strategies for expansion of our business.

In this context, Rabyte Pte. Ltd's business, which consists of distribution of wide-range of cutting-edge semiconductors and electronic components to customers across our preferred growth regions while providing value-added services such as demand creation & design capabilities, component selection, product development, supply chain management solutions and extensive in-house testing, aligns perfectly with Hakuto's future strategy. We believe that Hakuto & Rabyte can utilize each other's existing geographic presence to expand their customer base and further penetrate South East Asia, Europe, ANZ and North American markets which will eventually broaden Hakuto's & Rabyte's customer presence into diversified geographies globally. We expect that by proposing cross selling opportunities of Rabyte's product portfolio to our existing clients across our preferred growth regions, by leveraging our own product portfolio to further penetrate Rabyte's existing customer base, and by co-developing new products after utilizing our combined design capabilities, we can anticipate sales expansion for both Hakuto and Rabyte globally.
